

SUMMER CAMPS

MINI CAMPS for Ages 4-6 years

3-DAY CAMPS, TUESDAY - THURSDAY, 9:15 am - Noon

Fee: \$85/session for Members, \$95 for Non-members

Instructed by the Museum's Education team

Each Mini-camp features exclusive time interacting with museum exhibits, hands on activities, crafts, stories and a snack. Children must be 4 years old on the first day of camp and be able to use the bathroom independently. Each camp focuses on hands-on, interactive learning.

Choose between the following camps:

CREATURES CREATE

JULY 25-27 (Tuesday - Thursday)

Campers ages 4-6 will learn about the many local creatures that live & build along our waterways. Find out how they have adapted to survive in our area. Campers will learn about osprey, beavers, caddis flies & even Native People as they engage in creative hands-on learning each day!

SCIENCE ART

AUGUST 1-3

(Tuesday - Thursday)

If you have a mini scientist or artist at home - or both - this camp will be perfect for them! Junior Scientists, ages 4-6, will explore colors, shapes, textures and more by doing hands-on interactive experiments, listening to stories, making science inspired art projects, and of course making a super fun mess!

S.T.E.A.M. STORIES

AUG. 15-17 (Tuesday - Thursday)

Even our youngest visitors ages 4-6 can explore S.T.E.A.M. (Science / Technology / Engineering / Arts / Math)! Do you have a young scientist at home that also loves books? This is the perfect camp! We'll read wonderful picture books and then do experiments, activities, and crafts that relate. We'll explore topics from weather to our five senses to the stars!

YES, YOU ARE AN ARTIST!

AUG. 22-24 (Tuesday - Thursday)

This workshop is designed to encourage the artist that exists within each camper! Using a variety of materials, each child, ages 4-6, will engage in the process of creating sculptures, wearable art and much more. Campers will explore their creative potential and go home with some fabulous works of art! End the session with a mini art show for all to attend!
